

**Audience Committee Meeting Report**  
**Executive Committee Meeting – Monday, March 11, 2024**

The Audience Committee last met on Monday, March 4 via Zoom. We continued our discussion of the Concert Truck performances and how to engage audiences both at the events and to get them to return to the CIPC. As always, it was a lively discussion with a lot of great ideas. We will continue to explore them across the coming months as we meet.

Our next meeting will be in early April, the date is not yet set. At this meeting, we plan to discuss pre-concert talks and lunchtime talks during the CIPC. Specifically, what local people would be a good fit to give these talks and what topics would be engaging for the competition audience. We are looking to make this summer's CIPC a memorable and exciting event for all who attend, and we are well on our way!
